# Kombucha

**From tap.** Kombucha is a fermented drink. Fermentation is the chemical breakdown of a substance by bacteria, yeast and other microorganisms that is used to produce all the good stuff in life. Think wine, beer, coffee, cheese, tempeh, sausage and did we mention chocolate? Yeah, practically all good stuff is fermented and so are our drinks. So take a walk on the wild side and give it a try!

At Madame Cyclette, wine quality comes first. We source wine from premier wine-growing regions from France. Our tap system preserves the full flavours and freshness of our wine, with no risk of spoilage, oxidation or cork taint.

But it's not just all about the wine, the tap also reduces the waste and costs associated with the transport, handling, storage and then disposal.

# Madame Cyclette

Madame Cyclette is an all-day bar kitchen terrace. This is where we live our gastronomic philosophy that embraces a flexitarian lifestyle. Madame Cyclette and her team are passionate about food, beverages and delighting you as a guest. We would like to indulge you with our healthy, and above all tasty food. Our menu offers beautiful colorful dishes. We will take you on a flexitarian cruise with dishes that are full of veggies, oily fish or poultry. Always fresh, homemade, seasonal and when possible, from local suppliers.

We prepare our healthy indulgences and cakes in an artisanal way using no refined sugars. And in our juice bar, you can see our Saparista's in action as they pride of place behind the juicer to prepare you a fresh juice or smoothie.

In The Netherlands alone, 250 million kilos of fresh fruit peels is binned each year. PeelPioneers have found a circular solution: they set up a logistic system to safely pick up these peels and reproduce this natural ingredient into new ingredients for soap, pastries and now also the Lowlander 0.00% Wit."
